**MONDAY'S
FEEDER CATTLE**
Sale Starts 12:30 PM.
RECEIPTS: 127

Feeder steers & heifers not well tested on a light summer supply. What a strange weather phenomenon we have in Northeast Missouri. Some areas received several inches of rain late last week with flash flooding even a problem for some, but the driest parts of Marion County along with some of the neighboring areas once again missing out completely. Pastures in these dry areas becoming extinct with some farmers starting to supplement hay.
