## MONDAY'S

### FEEDER CATTLE

Sale Starts 12:30 PM.

#### RECEIPTS: 281

Feeder steers & heifers not well tested. Cattle futures closing higher on Monday, regaining a small portion of what they lost last week. Wholesale beef prices have declined enough that hopefully demand from retailers will start to improve and give some stability to the prices on the producer end. A mostly dry week of weather is forecasted which should allow the grain harvest to pick back up after rains at the end of last week brought everything to a halt.
