FEEDER CATTLE**

RECEIPTS: 1951

Compared with the last tested market from three weeks ago; feeder steers & heifers steady to \$5.00 lower with the six weight steers & heifers \$5.00-\$10.00 lower. Best demand was for the light five weight steer calves.

Warm spring like temperatures this past weekend allowed everyone a chance to sell cattle, with some selling, because they are short of feed, & others hoping to move cattle before the price drops even lower.
