Compared with 2 weeks ago; feeder strrs & hfrs under 600# \$1.00-\$3.00 higher, over 600# mostly steady with instances \$1.00-\$2.00 higher on hfrs. Once again poor weather conditions over the weekend limiting receipts, with heavy rain all day Saturday & high winds with plenty of mud on Sunday. Recent rain & snow melt has replenished the water supply with ponds now overflowing.
