FEEDER CATTLE**  
Sale Starts 12:30 PM

**RECEIPTS THIS WEEK: 1843**

Feeder strs under 600# steady, over 600# steady to \$3.00 higher. Heifers \$4.00-\$10.00 higher.

A nice run of both calves & yearlings, although more lighter weight calves seem to be moving through the market for this time of year. Prices at these never before seen levels are acting like a magnet continually pulling cattle out of the country at a faster pace than would normally be expected. Many wonder just where the consumers will come up with the extra dollars this summer to pay for gas & groceries as these higher meat prices make their way to the retail outlets.
